\$250 CASH.

A LITTLE COMMON SENSE!

Do you want a home, or do you intend paying rent all your life? Now is the time to decide. It wasn't long ago when you might have had a block of land on the PLAINS for a trifle—you thought then it was too high at any price. Relieve your mind of such pessimistic ideas and BUY A LOT and BUILD A HOME. Don't you think your family is entitled to this consideration. GO TO-DAY and look at the PAWAA TRACT of land. Study its situation, on the two principal highways of this city—the boulevards of Honolulu—on the line of the proposed electric lines—facing Beretania and King streets. Size of lots, 75x140. PRICE, \$1,500. Terms, \$250 cash, balance in monthly installments. Building is cheap, and you may build upon making your first payment.

The same influences that have operated in the past will operate in the future. Look at the many buildings going up in the neighborhood. Estimate their cost and realize that the present opportunity for investment or speculation is one that will not be repeated in your lifetime.

Go down to the Fish-market and ask the manager, Mr. Keliiepe, who paints the best fish on the islands. Our fish are works of art as well as being true to nature.

HAS NO IMPERIAL DESIGN

PRESIDENT McKINLEY ON THE PHILIPPINES.

His Significant Speech in Boston. Knows No Safer Human Tribunal Than the American People.

BOSTON, February 16.—President McKinley, in his address before the Home Market Club, said the whole question of the Philippines was in the hands of Congress; that Congress was the voice of the American people, and on the judgment of the people he could rely. He said:

"If we knew everything by intuition, and I sometimes think there are those who believe that if we do not they do, we should not need information; but, unfortunately, most of us are not in that happy state. The whole subject is now with Congress, and Congress is the voice, the conscience and the judgment of the American people. Upon their judgment and conscience can we get rely? I believe in them. I trust them. I know of no better or safer human tribunal than the people."

"Until Congress shall direct otherwise it will be the duty of the Executive to possess and hold the Philippines, giving to the people thereof peace and beneficent government, affording them every opportunity to prosecute their lawful pursuits, encouraging them in their industries, making them feel and know we are their friends, not their enemies; that their good is our aim; that their welfare is our welfare; but that neither their aspirations nor ours can be realized until our authority is acknowledged and unquestioned."

"That the inhabitants of the Philippines will be benefited by this Republic is my unshaken belief; that they will have a kinder government under our guidance and that they will be aided in every possible way to be self-governing people is as true as that the American people love liberty and have an abiding faith in their own Government and their own institutions. No Imperial design lurks in the American mind. They are alien to American sentiment, thought and purpose. Our priceless principles undergo no change under a tropical sun. They go with the flag. They are wrought in every one of its sacred folds and are inextinguishable in its shining stars."

The Great Medicine that Gives Nerve Strength

Hood's Sarsaparilla Makes the Blood Rich and Pure, Creates an Appetite and Restores Health, Vigor and Vitality.

"I feel that I ought to write a few words in praise of Hood's Sarsaparilla, which has done great things for me. I was in a delicate condition and was sick at my stomach and constipated. I tried remedies highly recommended for female weaknesses, but the medicines brought on other troubles. I was so weak I could not attend to my household duties, and I then determined to try Hood's Sarsaparilla. After I had taken this medicine a short time I began to gain strength. I

Grew Stronger Each Day

until I was able to work all day without any inconvenience. I have taken Hood's Pills for constipation, and I am better today than I have been for five years. Since taking Hood's Sarsaparilla and Hood's Pills I feel rested in the morning. I am less nervous and am sure I have richer and purer blood. I have always been bothered with scrofula, but now I am rid of it. Before my last child was born I took Hood's Sarsaparilla, and my girl baby was fat and strong, while my other child was not well and lived to be only two years old." Mrs. E. P.
